Students resolve to improve study habits

By Julianne Kerr

It's that time again, time to promote ourselves from sixth to 11 through this year. This is a pretty serious time, but make better use of it. Time to promote ourselves, we'll make it that one last day we really can enjoy.

It's time for New Year's resolutions and time to get it out in

The winter blahs can be avoided

The holidays are over, and many students are asking themselves the same question: what now? Unless the holidays were extremely bad, there will be some of the same old stuff, the beginning of a new semester that has not been a great semester yet before. Here are a few ways you can avoid the winter blahs.

Firstly, just because it's winter doesn't mean going outside and enjoying it. Think of it as one of the seasons. Enjoying winter just means you're enjoying winter. You have to make the most of it.

Many people refuse to go outside because it's too cold or because they think it won't be as fun as going outside. Well, it is. The weather is just a factor. You can enjoy the weather by going outside.

Secondly, the weather is a factor. It's not as fun as going outside. Well, it is. The weather is just a factor. You can enjoy the weather by going outside. Thirdly, the weather is a factor. It's not as fun as going outside. Well, it is. The weather is just a factor. You can enjoy the weather by going outside.

Fourthly, the weather is a factor. It's not as fun as going outside. Well, it is. The weather is just a factor. You can enjoy the weather by going outside. Fifthly, the weather is a factor. It's not as fun as going outside. Well, it is. The weather is just a factor. You can enjoy the weather by going outside.

Mary Cribari

There are many ways to avoid the winter blahs. One way is to go outside and enjoy the weather. Another way is to go outside and enjoy the weather. A third way is to go outside and enjoy the weather.

Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather.

Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather.

Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather.

Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather. Go outside and enjoy the weather.

Knee problems a curse

I have a problem that I would like to share with you. My knee problems are not just a problem, they are a curse. They are a curse because they are a problem.
